Attachments: draft issue paper - biological assessment for 404 assumption (mlh).docx

Tom,

For some reason I cannot upload my comments to the sharepoint file you sent me. Here they are on a non-sharepoint version that I saved.

Subject: REVISED draft issue paper for Mary re: Biological Assessment pre-brief
Importance: High

Please use the link for any edits/comments, instead of the attachment to my previous email, as I'm realizing that's more efficient than potentially merging multiple versions. Sorry, old habits die hard for me. Tom

Subject: draft issue paper for Mary re: Biological Assessment pre-brief
Importance: High

Please see the attached draft briefing paper for tomorrow morning's pre-brief with Mary in preparation for tomorrow afternoon's meeting with Mary and David Ross regarding the Biological Assessment. I welcome any suggested edits (preferable to general comments) and in particular want your feedback on the highlighted areas on the 2nd page. To the extent possible, please provide your feedback by 2:30pm this afternoon. In addition, if you see any critical missing information please include that in your edits/comments. Thanks! Tom
